

Lyn Health Friends & Family Test results Jan - April 2015

How likely are you to recommend our GP Practice to your friends & family?

Extremely Likely	Likely	neither likely or unlikely	unlikely	extremely unlikely	don't know
100%					

Comments

Very Easy to get an appointment. Friendly attentive Doctors. Remedies seem to work. Friendly reception. Efficient & accurate diagnosis. Nice environment - clean. Because the doctors make you feel at ease and are very helpful. Much better than the doctors in London. We have been associated with Lynton Medical Centre for 20+ years and always felt we have had a service above and beyond what is experienced elsewhere. My last visit has done nothing to dispell my opinion. It cant be bettered. Because the service is very prompt and good. Well done! I have received a great thorough service on every visit with Dr Maria. I feel she has time to listen and I never feel rushed or embarrassed. Because this practice offers almost everything one might want & expect from such a service. We are fortunate indeed. The staff at the medical centre were extremely helpful. Very good service. Excellent service and staff very helpful. Doctors and staff always pleasant and polite. A pity no Saturday morning surgery open for emergency, or Dr on call. Rota would be great reassurance for us. I have always found everything excellent & friendly - nothing too much trouble. The best. Very quick appointment & responses. Made to feel comfortable & not embarrassed. In-house system was on time and informative. Thank you all so much for your help.

Responses

% Male	28
% Female	61
unknown	11
